Two recent Supreme Court decisions on piercing the corporate veil, *VTB Capital plc v Nutritek International Corp* and others and *Prest v Petrodel Resources Limited & Others*, are examined, as is *Popplewell J's* detailed judgment on directors' duties in *Madoff Securities International Limited (In Liquidation) v Raven* and others. Important new provisions for binding votes and detailed disclosure of directors' remuneration, changes to the company charges registration and narrative reporting regimes and new rules facilitating private company share reductions/buy-backs are outlined as are imminent developments included in the 2014 Deregulation Bill (stemming from the Government Red Tape Challenge). Commitment of the EU and UK Government to improving corporate governance of small and medium-sized enterprises (SMEs) makes core company law, the focus of this book, more relevant than ever. The books in the *Unlocking the Law Series* get straight to the point and offer clear and concise coverage of the law, broken-down into bite-size sections with regular recaps to boost your confidence. They provide complete coverage of both core and popular optional law modules, presented in an innovative, visual format and are supported by a website which offers students a host of additional practice opportunities.

This Handbook aims to be the most comprehensive and up to date reference book available to those who are involved or could be involved in the world of finance. The financial world has a capacity for ingenious innovation and this extends to the often bewildering array and use of terms. Here you can find out what a Circus, a Firewall, an Amazon Bond, a Clean Float, a Cocktail Swap, a Butterfly, a Streaker, a Straddle and a Strangle are. As well as defining terms, the book also shows how they are used differently in different markets and countries. It also has numerous examples showing clearly the use of particular calculations and instruments; and provides details of major markets, acronyms and currencies. Reflecting the development of global financial markets this Handbook will have broad appeal around the world. It will be a reliable guide for practitioners, and those in the related professions of accounting, law and management. At the same time it will be an invaluable companion for advanced students of finance, accounting and business.

This book is an honest attempt to capture the entire spectrum of M&A activity and share the contours of the implementation process. From valuation to integration, the book is sure to help managers think through what such a strategic move would mean to the organisation. The book attempts to provide working knowledge and skill of underlying concepts, contractual obligations, tax impact and legal background of M&A. Precisely, the book is written to show business managers and financial executives which kind of corporate restructuring can be worked out in the organisation

and how best to analyse, design and implement M&A deals. The book can be classified into four basic frameworks. The first three chapters may be clubbed into the conceptual framework, where conceptual issues and economic consequences of M&A are discussed in detail. Critical issues like valuation and due diligence, which forms an integral part of any M&A, are examined with great care to emphasise the framework for pre-merger issues. The legal framework borders on areas like regulatory issues, tax impact, cross-border legal complications, transfer pricing and deal structuring. It is worth mentioning that the structuring of the deals has changed a lot in the recent years under the weight of hundreds of legal precedents, accounting rules and regulatory impositions. The last framework encompasses strategic issues of merger management leading to creation of value to the organisation. Attempt has also been made to find out why mergers fail and how to make them successful. To have a logical conclusion, towards the end, great corporate cases have been presented with high level of clarity and openness to reinforce the learning in earlier chapters. In fact, the cases are the USP of the book.

This book, specifically designed for postgraduate students of management, finance and commerce for the course in Investment Management or Security Analysis and Portfolio Management, provides a thorough understanding of the concepts and methodologies of investment management. It begins with a sound theoretical introduction to the basic concepts of savings, investments, risk and return, portfolio and financial markets. The text then systematically explains the wide gamut of investment alternatives available to an investor and elucidates the investment markets and processes as prevalent in India. What distinguishes the text is that it emphasizes the practical aspects of the subject. In so doing, the book provides extensive coverage of the tools and techniques of technical analysis. Realizing the fact that investment is becoming more of a systematized and structured activity, the book presents a meticulous treatment of security analysis. This is closely followed by an exclusive chapter on portfolio management which encompasses all the aspects of the selection, maintenance, evaluation and revision of portfolios. The book concludes with an overview of the regulatory environment of investments. Key Features ? Explains the concepts and processes in the Indian context, thus enabling the students to know the markets and investment procedures in India. ? Focuses on the practical aspects to help students start investing even while they are doing the course. ? Provides end-of-chapter questions to drill the students in self-study. Besides postgraduate students of management and commerce, senior undergraduate students of these courses as well as practising managers should find the book extremely useful.

This is the Third Edition of this book featuring translation into English of the two key Russian Statutes governing Russian companies, up-to-date as at 10 April 2013: - Federal Law of the Russian Federation No 208-FZ of 26 December 1995 "On Companies Limited by Shares" ("Companies Act 1995"); and -Federal Law of the Russian Federation No 14-FZ of 8 February 1998 "On Limited Liability Companies" ("Companies Act 1998") These two statutes govern the most popular forms of commercial legal entities in Russia. The Companies Act 1995 governs companies limited by shares ("aktsionerniye obshchestva", or "OAO" and "ZAO") which are the preferred corporate form for medium and large size Russian public and private businesses and joint ventures in Russia due to a higher degree of regulation and protection of shareholders. Companies Act 1998 governs limited liability companies ("obshchestva s ogranichennoy otvetstvennostyu", or "OOO") which are preferred by small businesses and wholly owned subsidiaries due to the lesser degree of regulation. Since the Second Edition had gone into print in 2010, both the Companies Act 1995 and the Companies Act 1998 have undergone numerous material amendments. The amendments to the Companies Act 1995 concern, in particular: - the lifespan of the founding agreement; - capital increase by allotment of additional shares ; - distribution of the dividend; - disclosure by nominee shareholders of the identity of beneficiaries - convertible preference shares and the voting rights; - issue and redemption of bonds ; - net asset value of the company; - pricing of additional shares allotted by subscription; - the pre-emption right on allotment ; - listing and delisting of shares and convertible issuable securities; - notice of general meeting of shareholders; - the competence of the board of directors (supervisory board); - buy-out of shares by the company on demand of a shareholder; - right of recourse against the valuers; - exceptions from major transactions and interested transactions; - exceptions from the voluntary offer on acquisition of more than 30 per cent of shares in a public company; - exceptions from the obligation to make a compulsory offer to acquire shares of a public company and other issuable securities convertible into shares of public company; - exemption from the obligation to disclose information required by legislation governing securities; The amendments to the Companies Act 1998 concern, in particular: - reduction of capital; - electronic application to register transfer of participatory interests; - imposition of a penalty on a participatory interest; - distribution of profit; - the reserves and the net asset value of the company; - exceptions from interested transactions; and - exceptions from major transactions.
