No soy una persona religiosa. Puedo hablar libremente de Cristo, Seres Lumínicos como los Santos que pisaron y pisan la tierra, y Maestros Ascendidos de diversos tiempos y culturas, precisamente porque no pertenezco a ninguna religión. Religión es una cosa y espiritualidad, otra. A mi entender la espiritualidad no es monopolio de institución alguna ya que es un atributo inherente a todo ser". Con esta declaración inicial, la autora deja por sentado que El CIELO no es un texto religioso sino más bien, la descripción del periplo de una investigadora que desde niña nunca encontró respuestas a sus obsesivas preguntas de la infancia, ¿si Dios es Amor y es tan bueno como nos dicen, por qué condenaría a sus hijos al infierno? Y si es verdad que existe el infierno, ¿existe entonces el cielo?... Si así fuera, ¿por qué hay que morir para conocerlo?, ¿es el cielo una mera utopía que nos han vendido para sojuzgarnos o en verdad... es una realidad asequible para todos más allá de paradigmas y mandamientos religiosos? A partir de su hartazgo con el dogma y preceptos arbitrarios, la autora decide poner a prueba, fuera de todo marco religioso, si el Cielo es un viejo cuento para niños o una tangible realidad... y lo que encuentra en el camino cambiaría su vida y la de otros para siempre.

turning through the darkness of space. He wants to go to this wondrous place, but he ponders: What will that life be like? "You will be plunged into Earth's river of time," his elders tell the Star Child. "There will be so much for you to learn and so much for you to feel—pleasure and fear, joy and disappointment, sadness and wonder." Through spare, artful text and intricate illustrations, Claire A. La ciudad del amor es el testimonio que Claudio María Domínguez plasmó luego de su encuentro con Sai Baba.

Designed for students from a wide range of backgrounds, this text takes a chronological and interdisciplinary approach to human development. With its focus on context and culture, the 8/E illustrates that the status of human development is inextricably embedded in a study of complex and changing cultures.

“No creo que entendamos cabalmente ni a nuestros padres ni a nuestros hijos. De hecho, estas personas –las más cercanas que pueda imaginarse– son el espejo

diferido en el que tratamos de escrutar nuestra propia imagen. En el proceso, que es vertiginoso, los padres envejecen, los hijos crecen y nosotros mismos reajustamos el yo todos los días ante el panorama cambiante de la realidad. Hijos y padres son referencias de navegación, como los faros o las formaciones estelares: brillan para nosotros en la medida en que nos desplazamos quién sabe hacia dónde. Los padres suelen proyectar en sus hijos los vacíos de sus propias vidas. Muchas veces endilgan en ellos el mandato de sus destinos inconclusos. Los hijos huyen de esa fatalidad de la especie en un intento casi desesperado por la individuación. El psicoanálisis ha revisado este fenómeno hasta el hartazgo. Estas crónicas están enfocadas en los escenarios cotidianos del fenómeno. Me parece que el tema empezó a hacerse visible para mí una vez que fui padre. Antes sólo estaba dedicado a huir y no tenía ojos más que para las vías de escape. Mis hijos me devolvieron a mis padres, como si trajeran, con las preocupaciones, los miedos y las alegrías, el tramo circular que le faltaba a mi existencia. Sé que he abusado de las imágenes en esta aclaración. Esto sucede siempre que un hecho o una circunstancia nos excede al mismo tiempo que nos compromete profundamente”. Roberto Merino

Las historias e invenciones de Félix Muriel, de Rafael Dieste, se publicaron en Buenos Aires en 1943 y, ya entonces, pudo causar cierta sorpresa el hecho de que su autor, exiliado republicano, no se refiriera en ellas a la reciente guerra de España ni a sus consecuencias. Sin embargo, de modo subrepticio, la política estructura el texto y contribuye a construir la problemática unidad del libro -un libro que muchos llamaron "obra maestra" y que José Ramón Marra-López ha situado "al margen de toda posible clasificación". No para clasificarlo, sino para entender esa "marginalidad" y los motivos de su encanto está escrito este estudio, el primero dedicado en extenso específicamente al volumen y el primero que contempla con detenimiento el manuscrito autógrafo.

With the help of books, laughter, and the joy of ever evolving friendships, Jazmine, Judith, Erin and Sara find the courage to navigate new and surprising chapters of their lives as they seek their own versions of happily-ever-after.

"Passing the GED: Reading / Apruebe el GED: Lectura" is a bilingual (English / Spanish) test prep book produced in pdf format for those who expect to take the exam in Spanish or who prefer to study in Spanish and take the exam in English.

This is the only updated version of the book. It has been revised and corrected by its author in 2020. The maturity acquired by the writer over the years, plus his search for greater knowledge, has allowed him to understand in greater depth several topics that he himself had written before in this book, when he only knew the topic "Aliens" from afar, and he was guided more by youthful enthusiasm than by accuracy. Today he writes the same story as before, but from a deeper perspective and a less childish, more realistic and more accurate perspective. This means that the previous versions do not reflect the author's current clarity about the themes that the book addresses. The spirituality it presents is now easier to understand, and even the humor has grown. Omi, a young alien from a more advanced and benign world than ours, is the main character of this book. Translated into twelve languages, it has sold several million copies and continues to reach more people, languages and countries. Why is it so widely distributed? Perhaps because of the joyful words of wisdom and reflection that Omi uses to guide young and not so young people in a confused world: the problem of the climate, the great inequalities, corruption, etc., with their consequent revolts and protests. These are the effects; Omi points to the cause, which is the lack of the inner light that he comes to point out. The book takes us to visit stellar societies superior to ours, and encourages us to produce the necessary changes so that one day we will live without polluted skies and without violence, as in the evolved worlds. These changes must first be made within each one of us. The Fundamental Law of the Universe, which Omi reveals, is the way forward. Enrique Barrios is a

Chilean-Venezuelan author living in Spain. He was a tireless traveler, although today he considers that he has already exhausted his quota of trips because he has lived in many countries and taken a complete tour around the world. In 1984 he had an inner experience that indicated to him that universal life revolved around what he called "The Fundamental Law of the Universe", and when he saw himself with such an important concept in his hands, without having been a writer, at the age of 39 and in only eight days he wrote "Omi", a book that became an immediate bestseller. In the mouth of the smiling young man of the stars, EB tells us about his discovery. "Omi" is a "Long-Seller", a "classic", a "must read", a book of which there are very few: Those that continue to be sold through the years.

A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable resource for vocalists and researchers, however familiar they may be with this glorious repertoire.
