Whether you're a Christian Scientist searching for answers or a former follower still struggling to let go of the difficult and confusing teachings of Christian Science, this book can help you on your search for truth. In these ten intensely personal narratives, former Christian Scientists bravely recount their journey out of the religion and into authentic, biblical faith in Jesus Christ. Each chapter addresses a different theme, shining light on theological inconsistencies taught by Mary Baker Eddy in her book *Science and Health with Key to the Scriptures*. These themes include matter, Jesus Christ, contagion, prayer, and sin. With reflection questions, pastoral teaching, related Bible verses, and a guiding letter from the author, each story navigates common obstacles and paves the way for a deeper understanding of the Christian faith. For those yearning to find truth, there is hope to be found here.

This is not a collection of lesson plans--it is a chock-full survey of nearly every aspect of Christian education one could imagine. DOING Christian Education starts here.

Today's culture and others' views, even those of other Christians, can present a distorted view of God. Some suggest God exudes qualities He does not possess such as being unloving or apathetic toward His creation. In a world where we find people creating God in their own image, studying God's names can remind us that we are created in His. In fact, one of the best ways to know God's true character and grow closer to Him is to study His names. In *The Names of God*, Melissa Spoelstra leads women on an exploration of the many names of our triune God—from El and Elohim to Yahweh and its many combinations to names such as Abba, Jesus, and Holy Spirit...and many others. As women study the names of God, their ideas about God will become more grounded in what His names tell them, and thus more personal, allowing a greater trust in Him to share the details of their lives. Whether having walked with God for many years or just starting out in a relationship with Him, by the end of this study women will not only know more about God but will know Him better—because through the discovery of God's names, they will discover Him! Components for this six-week Bible study, each available separately, include a Participant Workbook, a Leader Guide, DVD with six 25-minute segments (with closed captioning), and a boxed Leader Kit containing one of each component.

Following up Robert Traina's classic *Methodical Bible Study*, this book introduces the practice of inductive Bible study to a new generation of students, pastors, and church leaders. The authors, two seasoned educators with over sixty combined years of experience in the classroom, offer guidance on adopting an inductive posture and provide step-by-step instructions on how to do inductive Bible study. They engage in conversation with current hermeneutical issues, setting forth well-grounded principles and processes for biblical interpretation and appropriation. The process they present incorporates various methods of biblical study to help readers hear the message of the Bible on its own terms.

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his re?sume?, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and

In 2009, the Good News Club came to the public elementary school where journalist Katherine Stewart sent her children. The Club bills itself as an after-school Bible study, but Stewart soon discovered that its real mission is to convert children to fundamentalist Christianity. Astonished to discover that the Supreme Court had deemed this religious activity legal in public schools, Stewart began an investigative journey to dozens of cities across the nation to document the impact. As Stewart makes chillingly clear, the rapidly expanding network of Good News Clubs represents just one of a range of initiatives intended to insert religious values into public schools. Although they often appear to be spontaneous, local events, they are in fact organized and funded at a national level. Taken together, they represent a new strategy of the Religious Right in its long-running aim to "take back America," undermining our public education system and secular democracy itself.

Promoting a Safer Church presents the Church of England's policy statement for safeguarding children, young people and vulnerable adults, which applies to all Church bodies and Church officers. It sets out the five foundations on which the policy is based, the six policy commitments that need to underpin all safeguarding work within the Church, and the drive to improve safeguarding practice. All Church bodies should ensure that all Church officers have access to this policy statement and should make sure its contents are promoted, publicised and put into action.
