Solomon Creed, the enigmatic hero introduced in *The Searcher*, must stop a killer tied to a conspiracy stretching back over generations to the dying days of World War II. Solomon Creed has no recollection of who he is, or where he comes from. The only solid clue to his identity is a label stitched in his jacket that reads: "This suit was made to treasure for Mr. Solomon Creed." The jacket fits perfectly, and so does the name, but there is a second name on the label, the name of the tailor who made the suit and an address in southern France. Solomon heads to France in search of this man, hoping to discover more about who he is. But instead of answers he finds a bloody corpse, the Star of David carved into his chest and the words "Finishing what was begun" daubed in blood on the wall. When the police discover Solomon at the crime scene they suspect he is the murderer and lock him up. Solomon must escape to clear his name and solve the mystery of why the last remaining survivors of a notorious Nazi death camp are being hunted down and murdered. Only by saving these survivors from evil can Solomon hope to piece together the truth about a decades-old conspiracy as well as discover the key to his own identity.

“A gruesome delight! Daniel Cole’s thriller *Ragdoll*, in which gritty detective William ‘Wolf’ Fawkes comes upon a single corpse stitched together out of six bodies, had me flipping pages furiously. It’s an impressive debut, dark, propulsive, and surprisingly funny.” —Gregg Hurwitz, bestselling author of *Orphan X* William Fawkes, a controversial detective known as *The Wolf*, has just been reinstated to his post after he was suspended for assaulting a vindicated suspect. Still under psychological evaluation, Fawkes returns to the force eager for a big case. When his former partner and friend, Detective Emily Baxter, calls him to a crime scene, he’s sure this is it: the body is made of the dismembered parts of six victims, sewn together like a puppet—a corpse that becomes known as “*The Ragdoll*.” Fawkes is tasked with identifying the six victims, but that gets dicey when his reporter ex-wife anonymously receives photographs from the crime scene, along with a list of six names, and the dates on which the *Ragdoll Killer* plans to murder them. The final name on the list is Fawkes. Baxter and her trainee partner, Alex Edmunds, hone in on figuring out what links the victims together before the killer strikes again. But for Fawkes, seeing his name on the list sparks a dark memory, and he fears that the catalyst for these killings has more to do with him—and his past—than anyone realizes. With a breakneck pace, a twisty plot, and a wicked sense of humor, *Ragdoll* announces the arrival of the

Despite her reluctance to jump into another gruesome case, she’s summoned to a meeting of a new FBI/CIA/UK law enforcement task force in New York. There, she is presented with photographs of the latest copycat murder: a body contorted into a familiar pose, strung up from the Brooklyn Bridge, the word “BAIT” carved deep into its chest. As the media pressure intensifies, Baxter is ordered to assist with the investigation and attend the scene of another murder, again with a victim inscribed with a word—“PUPPET.” The murders continue to grow in spectacle and depravity on both sides of the Atlantic, and the team helplessly plays catch-up. Baxter must shake off the grief and fear that have paralyzed her for the last year so she can stop another terrible killer before it’s too late.

What was found in the macabre museum Howley called home was unnerving enough. For Fitzroy, what the Butcher of Bromley didn’t leave behind chills her to the bone: not a single trace of his most recent abductee. All Fitzroy wants to know now is . . . dead or alive,
