Literature has not always been written in the same ways, nor has it been received or read in the same ways over the course of Western civilization. Cavallo (Greek palaeography, U. of Rome La Sapienza), Chartier (Ecole des Hautes Etudes en Sciences Sociales, Paris) and a number of other international contributors, address themes that highlight the transformation of reading methods and materials over the ages, such as the way texts in the Middle Ages were often written with the voice in mind, as they would have been read aloud, or even sung. Articles explore the innovations in the physical evolution of the book, as well as the growth and development of a broad-based reading public.

Unknowingly we voyage in a labyrinth, a macro-dimensional maze of living electrical force, cloaked by a layer of ordinary life. Our most serious obstacle is the urge to convert everything to the familiar, reduce it to the level of the primate brain; to reject the living, breathing reality of the totality of all attention.

Written by a leading meditation practitioner, Chakra Meditation brings practical benefits from peace of mind to improved creativity. In Indian healing philosophy, chakras are the seven energy centres running from the base of the spine to the crown of the head. Each is a hub for the vital energy that flows through the body. If the energy at these centres becomes blocked, emotional and physical health can suffer. By retuning the chakras with meditation, you maintain balance, and reap rewards such as inner calm and an openness to new ideas. In Chakra Meditation an enlightening introduction reveals how chakras and energy pathways work. Each chapter focuses on one main chakra, offering a variety of meditations and visualisations to calm or stimulate that energy centre, as well as self-help tools, including yoga postures and healing foods, crystals and oils, to support it. Full of transforming practices, and illustrated with evocative artwork and instructive photography, this is the ultimate guide to balance and well-being.

A comprehensive appendix with color photos of all prescribed gemstones, a guide to assembling basic home crystal kits, and a bibliography are included.

I dodici cristalli presi in esame sono stati scelti per la loro efficacia nel trattamento dei disturbi più comuni e sono quelli a cui di solito si fa maggiormente ricorso.

Franco Santoro fornisce un'introduzione ai principi base dell'astrosciamanesimo in questo volume che rappresenta la versione aggiornata della prima edizione in lingua inglese pubblicata nel 2003. La caratteristica più marcata degli insegnamenti di questo libro è data dalla loro esplicita provvisorietà. Le pratiche, i rituali, le cosmologie, le tecniche, le idee impiegate hanno una funzione puramente strategica e teatrale, il cui scopo è facilitare un'esperienza diretta dei misteri della nostra natura e della realtà in cui viviamo o crediamo di vivere. I riferimenti dell'astrosciamanesimo si fondano sulla spiritualità multidimensionale esperienziale radicata nelle tradizioni misteriche, sciamaniche e gnostiche occidentali e orientali, integrate da un pluralismo religioso integrale che comprende e onora sia le fedi ortodosse sia ogni forma di spiritualità alternativa. In questo volume sono trattati gli aspetti e le tecniche base dell'astrosciamanesimo, insieme a informazioni sul Sacro Cerchio, i concetti di Intento e Funzione, il viaggio astrosciamanico, il rapporto con lo Spirito Guida, gli Spiriti Totem e altre entità significative. Quest'opera contiene inoltre una trattazione generale del linguaggio astrologico, un ampio glossario dei termini principali usati nel lavoro astrosciamanico e il compendio del mito strategico di riferimento di questi insegnamenti.

Commemorating its 50th anniversary, an expanded edition of the first Wicca book, by the father of the Pagan renaissance. Written shortly after the repeal of the English Witch laws in 1954, WITCHCRAFT TODAY offered the world a new religion, Wicca, and captured the imaginations of spiritual seekers everywhere. The author, Gerald Gardner, was writing about a small, secret coven of hereditary Witches, brave people who had hidden their faith for centuries to avoid persecution. His descriptions of their practices and history, their working tools and festivals, impelled a rediscovery of indigenous British religion and, globally, fueled a movement now boasting between 3 and 5 million members, making Wicca one of the fastest growing religions in the United States. To celebrate the anniversary, Citadel Press is proud to be republishing Gardner's book in an expanded edition with contributions from today's Wiccan elders on the religion's past, present, and future. From Picts and pixies to Knights Templars and persecution; from Celtic cauldrons to Kabbalitic magic, Witchcraft Today also includes important biographical information on Gardner and his historical context. This is an urgently needed reissue of a classic work to be used for study, reflection, inspiration, and transformative ideas, invaluable to understanding the Craft and its path.
