Whether the reader has simple maintenance or a complete engine rebuild in mind, he or she can rest assured that there's a Haynes manual for just about every popular domestic and import car, truck, and motorcycle. By conducting complete tear-downs and rebuilds, the staff at Haynes Publishing has discovered all the problems owners will find when repairing or rebuilding their vehicles. By documenting each process with hundreds of illustrations and step-by-step instructions that show the exact order of assembly, Haynes manuals make every step easy to follow.

Each Clymer manual provides specific and detailed instructions for performing everything from basic maintenance and troubleshooting, to a complete overhaul of your vehicle. If you're a do-it-yourselfer, then you will find this service and repair manual fantastically more comprehensive than the factory manual. When it comes to repairs and modifications, Kawasaki KLR650 is an indispensable part of the tool box. Get a hold of your copy today, and keep your bike running tomorrow.
