The novel under consideration describes the events throughout nearly a hundred years and sends the reader to Warsaw, subdued by tsarist Russia, to the gold mines of Western Siberia, where you can come across any kind of crime, including murder. Revolutions, wars, of which 20th century undoubtedly abounds, throw a Ukrainian woman's fate like a furious wind does to a paper doll. The country is captured by Bolsheviks. Disguised as seekers of happy life for poor people, they fight for power: first in their own country, then – throughout the world. To gain this terrific goal they introduce dictatorship. Despite disorders, epidemics, hunger, caused by the new government, the heroine of the novel managed to not only survive, but to raise her children. Times changed, as well as the rulers, but the aim remained. It was fight for power. And the woman, under the circumstances, had nothing to do but just supply cheap labor force. Three main heroines of the trilogy are connected not only by family relations but by the mystic story of an ancient necklace which by magic force returns to its true owner.

The classic, bestselling reference on architecture now revised and expanded! An essential one-volume reference of architectural topics using Francis D.K. Ching's signature presentation. It is the only dictionary that provides concise, accurate definitions illustrated with finely detailed, hand-rendered drawings. From Arch to Wood, every concept, technology, material and detail important to architects and designers are presented in Ching's unique style. Combining text and drawing, each term is given a minimum double-page spread on large format trim size, so that the term can be comprehensively explored, graphically showing relations between concepts and sub-terms A comprehensive index permits the reader to locate any important word in the text. This long-awaited revision brings the latest concepts and technology of 21st century architecture, design and construction to this classic reference work It is sure to be by the side of and used by any serious architect or designer, students of architecture, interior designers, and those in construction.

The content of the guide is student-centered and activity based with emphasis on developing the problem-solving skills of the reader. It will encourage the candidate to think creatively and prepare for NATA exam independently without any coaching or the teacher. The methodology facilitates the student to ensure full understanding of the subject in totality. All the concepts are presented in a very simple and easy to understand form. Moreover, the concepts are explained with solved examples. An abundant use of visual tools such as illustrations, sketches and diagrams helps in better retention and makes learning fun. Our approach will help you to create passion for the subject rather than fear of the technical jargons. Our motto is to encourage you to enquire, explore and discover rather than rote learning. We have given exercises for immediate practice almost after every topic. We have designed the 'exercises' to include all types of questions especially the multiple choice questions (MCQs). Maths questions and exercises have been prepared to develop skills in rapid calculations. Our guide is prepared as per the latest test pattern and syllabus of NATA exam for B. Arch. entrance.
